

The image displays a 12x12 grid of 144 hexagonal patterns. Each pattern consists of a white hexagonal background with a grid of smaller white hexagons. Black dots are arranged in various shapes and sizes within each hexagon. The patterns are organized into 12 rows and 12 columns, showing a variety of shapes and sizes of dot clusters. The patterns are arranged in a way that suggests a systematic progression or a specific design theme, such as the number of dots or the shape of the cluster.
